Join the Fight Against Unlicensed Contractor Activity

The Nevada State Contractors Board is inviting licensed contractors statewide to help fight unlicensed activity in their neighborhoods.

The Board, through its "*Unlicensed Contractor Awareness Campaign*," is asking licensed contractors to help distribute and display NSCB brochures, along with a poster, in their businesses to educate homeowners about the dangers of hiring unlicensed contractors.

Contact the Board for your informational packet that includes samples of brochures available online, an Unlicensed Contractor Hotline Card to report unlicensed contractors, handouts and a laminate "*Unlicensed Contractor Awareness*" poster.

Please e-mail your name, company name, license number, address and phone number to:

Ranya Botros, public information assistant at:
