It was noted for the record that notice of the meeting had been properly posted in accordance with NRS 233B, the State's Open Meeting Law at the Reno City Hall; Washoe County Court House; Washoe County Library; Las Vegas City Hall; Sawyer State Building; Clark County Library; offices of the State Contractors Board, Reno and Henderson and on the Board's website.

The purpose of the meeting as noted on the agenda was discussion of landscape maintenance work that is performed throughout the State of Nevada. Members of the Landscape Association expressed the Association's concern that some maintenance work providers may be performing work that should be performed by properly licensed landscape professionals.

After discussion, the members of the subcommittee suggested that enhanced enforcement in the landscape area should be given high priority. It was also suggested that the NSCB partner with the Nevada Landscape Association to coordinate various means of educating members of the maintenance operator community about the type of work that is allowed without a license and the types of work that require licensure.

The next meeting of the subcommittee will be October 2, 2007 at 10 a.m. The meeting was adjourned at 11:15 a.m.

Respectfully submitted,

Nancy Mathias
